

PP7-7 SPECIFICATIONS

THE NEXT EVOLUTION IN TOWING TECHNOLOGY

The elecConnect PP7-7 adaptor represents the next step in our plug + play system allowing for an even easier and better looking install. The PP7-7 enables connection to your Elecbrakes brake controller for 7 pin vehicle to 7 pin trailer configurations without the need for custom wiring.

FEATURES & BENEFITS

UNMATCHED DURABILITY

Water proof, shock proof and dust proof.

NEAT & STREAMLINED

It's compact, user-friendly design removes bulky parts and cords.

THE NEXT EVOLUTION

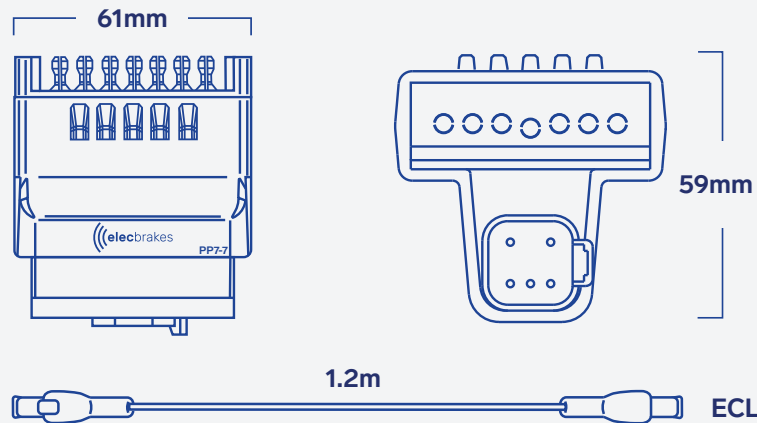

Rock solid connections are never in question.

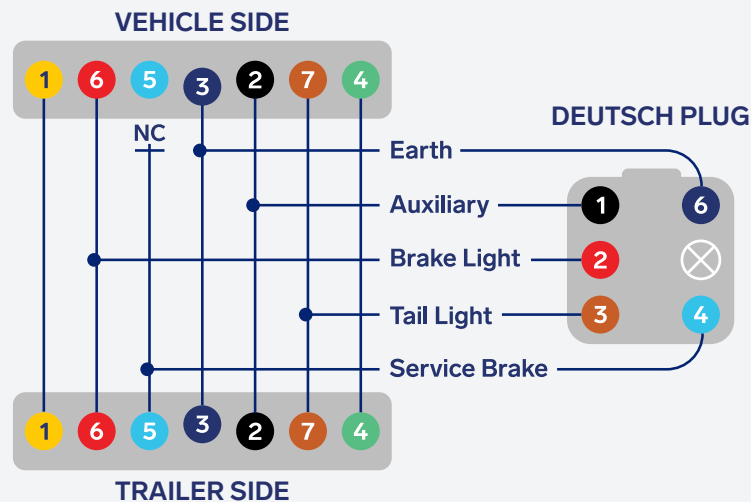

SMART INVESTMENT

No more hanging wires or looms.

DIMENSIONS

INTERNAL CONNECTIONS

15A CONSTANT LOAD / TEMPERATURE RISE:

Comparing PP7-7 to 4MM, 28A single core cable.

--- Max allowable rise

--- 4mm single core cable

— elecConnect PP7-7

SUGGESTION:

Cable tie your ECL and trailer cable together to significantly increase the pull out resistance.
